

Back-To-School Tuesday

This scene, recorded at the Drayton Valley Elementary School, was repeated throughout the area Tuesday as schools opened for the commencement of the fall term.

ARENA CLOSED

The Drayton Valley Centennial Civic Centre will be closed for skating and hockey until late in October. The centre was open for public skating, Sunday and Monday and the ice plant was shut down Monday night, September 1st. The ice will be removed and the plant will be inspected prior to starting up for the winter season.

Hockey Players End Successful Camp

BY MIKE GORMLEY

The Drayton Valley Summer Hockey Camp is over and from all reports it was a most successful venture. The Camp closed at 4:00 p.m. on Sunday after a week of concentrated work on the basics of ice hockey both on the part of the instructors and the hundred and fourteen boys who took advantage of this unique opportunity.

The Camp was under the direction of one of Canada's top coaches and an astute student of the game of hockey, Clare Drake. Clare served as chief instructor and was ably assisted by four of the stars on the University of Alberta Golden Bears Hockey Team, Jack Gibson, Gerry Braumberger, Milt Hokal and Dale Halterman. All five instructors were on hand from Monday through Sunday. The camp was divided into four groups as to age, weight and general ability. Each group had daily ice sessions of ninety minutes and forty-five minutes of dressing room instruction, films and conditioning. The Camp opened daily at 7:30 a.m. and closed at 5:00 p.m. Every day was packed with activity as Coach Drake laid out a strenuous schedule and expected everyone to follow it. There were no idle moments from the first session on Monday until the closeout Sunday afternoon as all the boys received expert training in the different aspects of the game. All the instructors were equally instrumental in leading the various drills on the ice, in coaching and advising the youngsters. Mr. Drake personally gave most of the film room lectures, Milt Hokal was in charge of the conditioning program while Dale Halterman, the goalie in the Golden Bear Den took all prospective young net-minders under his wing for the week.

On Tuesday evening, Drake met with a group of the local hockey coaches in a session that lasted three and one half hours. Thursday evening from 6:30 p.m. to 9:00 p.m. featured hockey games for the two younger groups while Friday at the same time the two older groups played a couple of games. All those activities over and above the regular schedule of the actual hockey camp were enthusiastically attended by Clare Drake which gives some idea of the interest and dedication of this great coach over and above the regular call of duty.

That the camp was well handled and that the instruction was above par goes without saying. Talking with several boys who had attended other hockey camps in the past, the comments were unanimous that this was the best that they have seen. The instructors, some of whom have been teaching hockey all summer at various camps throughout the province felt that the camp was very well planned and organized

and were particularly happy with the attention and enthusiasm shown throughout by all the youngsters. All comments received, and we have received many during the past few days, have been complementary. Everyone, boys, parents and persons generally interested in the camp and its results, have stated their satisfaction as to the success of this hockey camp.

What is in store for such a hockey camp another year, of course is not definite at this time. It would seem, however, with the enthusiasm generated from this first successful step, the Drayton Valley Summer Hockey Camp could well become an annual affair. Mr. Drake is enthusiastic in this respect. He feels that a hockey camp held here annually at this time would be ideal for all concerned. Like the Summer Figure Skating School which was also a great success, the Hockey Camp has made that first step very successfully. The pattern is set, now it is just a case of following up, if so inclined.

Supporters of Daylight Saving Time in Alberta have recently registered their organization under the Societies Act and are planning to win the plebiscite promised by Premier Strom for the next Provincial Election. The Society will seek a "trial run" of D.S.T. for next summer so that Albertas can judge the advantages or disadvantages of D.S.T. when the vote is taken. The last plebiscite for D.S.T. in 1967 was narrowly defeated (236,00 YES, 248,000 NO).

HOW TO SHOP FOR A FREEZER

Should you buy a freezer?

Don't count on saving a great deal of money on food bills - you probably won't. A freezer is more of a convenience. So many people think they save money on their food bills by owning a freezer, but they don't consider the hidden costs involved in owning and operating a freezer such as depreciation, repairs, electricity, cost of packaging foods and finance charges if the freezer is purchased on time.

Did you know --

--the more you store in a freezer in a year, the less it will cost you to freeze and store that food.
--the life span of a freezer is said to be 15 years if purchased new and used by one owner only.
--for proper storage a freezer should maintain food at 0 degrees Fahrenheit.

--foods should always be frozen quickly and for this reason some freezers have special quick-freeze areas with extra freezing coils. These areas may also serve for regular storage.

Freezer Capacity -- is usually measured in cubic feet but may be given as pounds of frozen food. The pounds refer to flat packages, not bulky items. Upright freezers vary from 9 to 22½ cubic feet; chest models from 11 to 24 cubic feet.

If you're considering buying a freezer, you may find our Check List for Home Freezers of some help. Contact this office for your copy.

Civil Service Bargaining

Postal Workers Start Round Two

OTTAWA -- First contracts have been signed for most of Ottawa's 200,000 civil servants but the second round of negotiations promises to be just as tough as the first.

The crunch will come over the next few months. Postal workers and air traffic controllers are looking for generous new contracts and strikes in these two vital areas are possible.

The postal workers have submitted a formidable set of demands to the Treasury Board and, while they have not spelled out financial details, they have given notice they will be looking for "substantial" pay increases.

Last year postal workers struck for three weeks before settling for a 15% pay increase over 26 months. Fringe benefits added another 3% to 4% value to the settlement.

The accent in the postal union's demands is largely on working conditions, with overtime, seniority and postal routes the big issues. Specific wage demands are being saved for the last.

Little progress is expected for several weeks. It will take that long for the Treasury Board negotiators to digest the union proposals. But when the bargaining starts both sides will undoubtedly find themselves far apart. Ottawa has to keep wage increases down in the public service if its sermons on wage and price restraint are to be taken seriously in the private sector.

The postal union has a formidable weapon going into these talks -- the threat of a strike during the Christmas mailing rush. By speeding procedures the union could force a strike by late November or early December. It would have to demand conciliation early in the talks and if the conciliation report was not satisfactory the union would have the right to set a strike date.

Negotiations with the air traffic controllers have been under way for several weeks and little progress is evident. The Treasury Board has asked for a conciliator. It will probably resume talks with the union and a conciliator this week.

The union has submitted a broad set of demands which break down into about 80 items. Money has not been a big factor yet but there are wide differences of opinion on almost all counts including pay.

The air traffic controllers form a much smaller group than the postal workers but they wield more power. They can effectively shut down every major airport in Canada if they strike.

The government negotiators are committed to pay increases between 5½% and 7½%. All but one of the contracts signed to date by the government fall into that range. The air traffic controllers last year settled for a two-year contract (one year retroactive) of 8% and 7%.

Federal officials insist the trea-

sure board negotiators are not as flexible as the unions suggest and that there will be special treatment where it is deserved. "We do not plan to make a goat out of the public service," said one Treasury Board official.

But there are differing views on the other side of the fence. Mr. Claude Edwards, president of the Public Service Alliance of Canada, has accused the government of trying to make the public service a "show window".

Mr. Edwards does not object to manpower savings by improved management techniques and efficiency "but the big show and the statements about lay-offs and staff reductions create havoc."

Relations between the Treasury Board and the PSAC are still strained but are expected to improve once the first round of contracts has been completed. So far 63 first contracts, covering 175,000, civil servants, have

been settled. About 16 others nearing completion and four groups have not yet been certified.

About 20 second round contracts are being negotiated and several have been signed already.

The signing of an agreement last week covering 10,000 secretaries was an important breakthrough. There had been complications in getting a bargaining agent certified but this process was completed July 25th and negotiations went quickly after that. Details of the agreement are being kept secret until after ratification.

MAGNOLIA NEWS

The theme for the local playground last week was Mexico. The week was concluded with a Mexican birthday party, complete with a treat-filled pinata, party food and a small, individual candle-lit birthday cake for each child. The girls were all dressed up in brightly-colored Mexican costumes complimented by quantities of jewellery, including necklaces they had made during the week.

The Magnolia Hall was decorated with items the children had constructed, including paper lanterns, hand-made flowers in vases ornamented with original designs, gay yellow and red streamers and other assorted colorful decorations. All, including the mothers present, enjoyed the Mexican games and music.

Mrs. Kris Norman with her four daughters motored from California to visit with her mother, Mrs. Thelma Doft, and grand-parents, Mr. and Mrs. W. Anderson. While here, she is also visiting her other relatives and friends. They will return to their home in California in time for school opening.

Miss Helen Garside of California spent a week recently visiting with her sister, Marjory Anderson of this community.

A birthday party was held for Mr. Alex Negraiff on August 20th. Folks who helped him celebrate were Mr. and Mrs. Ernest Mason, Miss Linda Mason and Mrs. Mary Negraiff, all of Edmonton, Jerry Rasco of Redwater, Nick and Lawrence Hadiken of Lodgepole, Lawrence Lidia of Edson and Dale Johnson of Edson as well as his immediate family. A very pleasant evening was enjoyed by all.

Mr. and Mrs. Negraiff and family spent the weekend in Edmonton with Mrs. Negraiff's parents, Mr. and Mrs. Mason.

Mr. Rudolph Gylander has returned from a week of prospecting in the north land and from a week in the Drayton Valley Hospital. Now he must rest and take life a bit easier for a while.

On Friday, August 22nd, Mr. David Gillespie bid Jeff and Vera Hampton and boys, and Canada, farewell as he left by plane for his home on the Isle of Wight. We will all miss Mr. Gillespie and hope he returns again soon.

Our local baseball team played a game with Sangudo on Saturday and another on Sunday with Darwell. The game on Saturday ended with 9 for Sangudo and 10 for Magnolia, on Sunday the score was 9 for Darwell and 3 for Magnolia.

Mr. and Mrs. Chris Christensen welcomed Mr. and Mrs. Neilson of Elsinore, Denmark and Mr. and Mrs. Lauridsen of Wildwood for a visit this past weekend. Mr. and Mrs. Neilson are spending a holiday in western Canada and so were able to visit their friends.

Mr. Harry Jardine and Miss Barbara Jardine have returned safely to their home after their trip. They left on June 30th and returned during the second week of August. Their journey took them to Boston to visit Mr. Jardine's aunt, to Point Claire to visit relatives and to Camp Borden to see Campbell, Mr. Jardine's eldest son, who is with the army. They report having enjoyed the trip very much.

Miss Bonnie Jardine is employed at the Nursing Home in Stony Plain and enjoys her work.

A hamburger barbeque birthday party for Bobby Clarke, son of Bill and Olive Clarke was held at the home of Mr. and Mrs. Rudolph Gylander on Saturday, August 23rd. Bobby's cousins helped him celebrate his fourth birthday. Happy birthday Bobby.

Another birthday boy last week was Ricky Anderson who was ten on Monday, August 25th. He celebrated his birthday with a family party. We hope you had a real happy birthday Ricky.

Recreation Round-Up

by
Mike Gormley

There will be a Minor Football in Drayton Valley this fall. Sufficient interest has been shown to warrant a program at the "Little Canadian" level and the High School will probably carry a Senior and Junior squad this year which will give some opportunity for the older boys to play the game.

"Little Canadian" Football has been played here for ten years and over this period of time the program has always been very satisfactory. The age grouping for this calibre of football has been changed slightly. To be eligible a boy must have reached his tenth birthday as of August 1st, 1969 and weight at least 75 pounds. He must not have reached his thirteenth birthday before the above date and the maximum weight limit for this league is 110 pounds. As in past year the California Classification Index System will be used in the grading of the players and in the formation of the teams. We hope to have three teams in the Commu-

ity league this year. The season will run from the first week in September to the last week in October. During this time a maximum number of games will be played after a ten day conditioning and preparatory period.

Registration forms are now available at the Recreation Office and all boys interested in this program are requested to register this week in order that we may proceed with the program without delay. We are already a week later than other years with the enthusiasm and general interest focused on the hockey camp last week it was not practical to introduce any other Minor athletic program until this very fine event was over. Now we can turn to "Little Canadian" football for six or eight weeks. All interested persons, players, coaches and officials are invited aboard. We need you all to make this program work

ENTWISTLE NEWS

The swimming instructors here this year were: Head Instructor, Stewart Smith, Lorne Earl, Ken Akins and Craig Herbert. Donna Cherrington was the clerk for the public swimming. The Play-ground Instructors were: Robert Brown and Irene Saretsky. Tests were given and those who passed received their certificate and badge. Everyone was very pleased with the pool and it served a large number of children and adults. I am sure that we owe a great deal to the instructors for their hard work and long hours, we wish to say thank you to them.

Mrs. Zella Saretsky is home from the hospital and we hope that she is feeling much better and continues to improve.

It was learned some time ago that Eddie Neumann was burned but all is ok and he is home from the hospital recuperating.

Visitors at the Robert Brown home recently were Mr. and Mrs. Milton Yandt of Rutland, B.C., Allen Brown, Shirley Adams, Ann and George Greaves all of Edmonton.

Mr. R.N. Gylander was recently in the hospital but is back in the store and not looking too bad.

Mr. and Mrs. Claude Green and family of Medicine Hat have been visiting at the Hanson home recently.

The September Community League Bingo which will be held on September 18th will turn all their proceeds toward the library. We hope all will turn out to the Bingo and support our local library.

A party was held in honor of Marian and Leonard Nelson who are leaving our community to make their home in Calmar. Many of the community residents were in attendance and a number of others. They were presented with a clock to remember us all by. The evening was spent in dancing and all had a good time. We will surely miss them as they belonged to numerous organizations in the community.

Those who have been away

and who have gone away recently are: Mr. and Mrs. Jack Read, Dave and Marvie and family, Gwen and Donnie Campbell, Mr. and Mrs. Bill Carr and family, Kenny and Maggie Hoople, and Lila and Forrest Bancroft who have gone to Ontario.

Vocational Bible School was held August 11th to 15th with a wind-up picnic on August 25th at the Pembina Park.

The Entwistle Elks will be holding their Whist Drives on the first and third Saturdays of every month starting in September. The first will be September 6th and the next on September 20th.

Muriel Sanford and Irma Corbett accompanied John and Eleanor to the coast to visit relatives and friends. Irma and Muriel are sisters of Mrs. Oliver from Edmonton.

The Entwistle Ladies Curling Club and the Entwistle Mens Curling Club are having a Pot Luck Supper on September 7th, in the community hall to get our curling season under way. Much has to be done before it is time to curl and this will be discussed that evening. Everyone is welcome and all young people who are interested in curling this winter, we will be glad to have them.

The following is the list of teaching staff at St. Anthony's School: Grade 1, Mrs. Carter; Grade 1, Mrs. Andrews; Grade 2, Mrs. Lemermeyer; Grade 2, Mrs. Dion; Grade 3, Miss Natalaray; Grade 3, Mr. Marcos; Grade 4, Mrs. Boxrud; Grade 4, Mr. LaMoal; Grade 5, Mrs. Lingard; Grade 5, Mrs. Haack and Mrs. Ross; Grade 6, Mr. Pinkoski; Grade 6, Mr. Dixon; Grade 7, Sister Birkich; Grade 8, Mr. Duteay (Vice-Principal); Grade 9, Sister Brule; Principal, Mr. McDonald; and Mrs. Jennie Greschuk, librarian.

Wildwood Chapel Setting For Summer Wedding

The Wildwood Chapel was the scene of a pretty wedding on August 26th when Miss Frances Ann Greenwood, eldest daughter of Mr. and Mrs. Edward Greenwood of Park Court became the bride of Mr. Andrew Chopko, son of Mr. and Mrs. N. Chopko of Wildwood. Mr. Howard Cameron officiated at the double ring ceremony. Miss Beverly Tuftin was the organist and during the signing of the register she sang The Hawaiian Wedding Song.

Entering the church on the arm of her father, who gave her in marriage, the bride was radiant in a floor length gown of nylon sheer net, appliqued with sprays of flowers over rayon taffeta. Her dress also featured a round neckline and full gathered sleeves. She wore a long scalloped sheer veil held in place by a daisy headpiece. A long train flowed from her waist. Her only jewellery were pearl earrings and she carried a bouquet of yellow roses and baby's breath.

Miss Marybelle Fausak and Miss Angela Stefansk were her bridesmaids. Miss Linda Greenwood was matron of honor while Miss Gail Greenwood, sister of the bride, was maid of honor. All wore identical floor-length dresses of dotted yellow swiss, with yellow ribbons in their hair and carried bouquets of daisies and baby's breath.

Master Bruce Greenwood, brother of the bride was ring bearer, Messrs. Peter and Jim Chopko, brothers of the groom, and Mr. Gilbert Greenwood,

brother of the bride were best men.

Mother of the bride, Mrs. E. Greenwood, wore a jacket dress in aqua and navy with white accessories and yellow roses en corsage. Mrs. N. Chopko, mother of the groom wore a coral sheath dress with white roses en corsage.

The Ladies' Aid catered to a reception for some two hundred and twenty five guests which was held at the Wildwood Community Hall. The bride's table was adorned with candles and centered by a three-tier wedding cake decorated with yellow and white roses and topped with an ornament of bells and doves.

Mr. Tony Payne said the grace for the meal. Mr. Mark Thompson was master of ceremonies. The toast to the bride was proposed by her uncle Mr. Richard Greenwood and very ably replied to by the groom. Mr. Gilbert Greenwood proposed the toast to the bridesmaids and Mr. Robert Burton proposed the toast to the bride's mother.

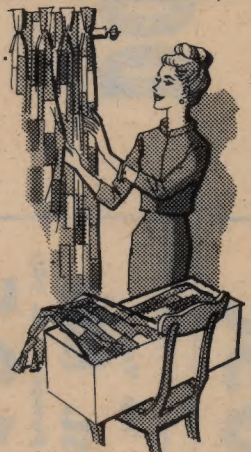

A dance was held that evening in the Park Court Hall which was decorated in yellow and white streamers, bells and rings. The Star Lighters orchestra of Sanguo supplied the music for a capacity crowd's enjoyment.

For going away on a honeymoon trip to B.C. the bride donned a jacket dress in beige and pink check with pink roses en corsage. On their return, the happy couple will reside in Edmonton.

INTERCEPTED PLANT PESTS

Keeping pests out of Canada is a full-time job for Canada Department of Agriculture's Plant Protection Division inspectors. Not only must they be constantly on the alert for the minute "aliens", but they can expect to find them in the most peculiar places.

The Plant Protection Division's report, "Intercepted Plant Pests, 1967-68", tells of an African drum from Kenya holding powder post beetles while shamrocks from the Emerald Isle hosted potato-cyst nematodes. In all, 1,285 interceptions were made during this period.

WEED ESSAY CONTEST - 1969

The Weed Essay contest is again sponsored this year. The contest is open to boys and girls between the ages of 12 to 18 years and living in Alberta or the three prairie provinces and the 14 north central States. The contestants family must be actively engaged in operating a farm.

A \$25 award will be given to the best essay in this province. The grand prize is a \$300 scholarship awarded by the North Central Weed Control Conference.

Title of the essay is "How we control weeds on our Farm." The essay should deal mainly with how and methods used to control weeds on our farm and not a general weed control methods.

All students in this age group should consider this worthwhile scholarship. Further information may be obtained by contacting your District Agriculturist or Agricultural Fieldman.

School Committee Regular Meeting

Minutes of a meeting of the School Committee of the County of Parkland No. 31 held in the County Office on Tuesday, August 19th.

Present were Messrs R. A. Bailey, George Mann, Peter Bakker, R. Zander, L. N. Miller, R. Lent, W. Barth, Don Gylander and T. W. Johnson, School Committee members, also Assistant Superintendent, Mr. W. G. Wilson and Assistant Secretary-Treasurer, A. W. Boychuk.

SCHOOL BUSING FOR KINDERGARTEN

The Committee submitted the following report on busing children to Kindergarten classes:

"The Committee has contacted the Department of Education and the Inspection Branch of the Attorney General's Department and received the following information.

1. The School Committee has the authority to provide transportation for children attending kindergarten.
2. There is no financial support from the Foundation Program for such a service.
3. It is permissible to transport children to kindergarten classes in ordinary School Buses.
4. School Committee is advised to check all present applicable insurance policies. Most insurance policies do not cover pre-school age children."

Moved and carried that the report of the Committee on busing Kindergarten be accepted for information.

Moved and carried that the School Committee do not enter into any agreement for busing children to Kindergarten classes at this time.

SUB-SOIL CONDITIONS SPRUCE GROVE

In reply to an application for recognition under the Foundation Program for unusual soil conditions for the Spruce Grove School the following reply was received. "Recognition of need was refused as sub-soil conditions do not appear to be grossly abnormal and there appears to be no need for special alleviation."

Moved and carried that the foregoing report be received for information.

Moved and carried that Resolution Numbers 338 and 339 of the May 20th meeting, appointing Mr. George Mann as Acting Vice Chairman of the School Committee be rescinded.

Mr. Peter Bakker thanked Mr. George Mann for acting as Vice Chairman and also the School Committee for carrying on during the time of his illness.

Moved and carried that Mr. Peter Bakker be re-instated as Vice Chairman of the School Committee

Mr. Ed Pink, Secretary-Manager, of the Town of Stony Plain and Mr. D. Paul, Town Engineer, came to see the School Committee regarding curbs and gutters at the Schools. Mr. Pink explained that in front of the new High School there should be about 350 feet of side walk which would cost the County 50¢ per foot annually for 20 years and the curb and gutter would cost 25¢ per foot. The side walk would provide for off street parking. Since there is a frontage of approximately 600 feet, the annual charge would be \$237.50.

Moved and carried that the sidewalk and curb and gutter as proposed by Town Officials be installed at the Memorial High School in Stony Plain and that the Town be requested to submit alternate costs; i.e. on a cash basis or on a 20 year instalment basis.

SUPERINTENDENT'S REPORT

In the absence of Mr. Henry Toews, Mr. W. G. Wilson submitted the report on behalf of the Superintendent of Schools.

He advised that Miss Anne K. Miller has accepted the position of Vice-Principal of the Elementary School in Stony Plain. However, she has signed an agreement that this appointment is for one year only.

He further advised that Mrs. Leona Scheideman has applied for the position of Secretary-Librarian in the Elementary School in Stony Plain and he recommends that this designation and appointment be made.

Moved and carried that the County pay the \$25 registration fee for Mr. Dennis Sharpe, Industrial Arts teacher at Seba Beach, to attend an orientation seminar in Industrial Arts at the University from August 25th to 27th.

STAFF PLACEMENTS

Mr. W. G. Wilson reviewed the proposed staff placements for the coming year and explained that there is only one vacancy on the staff at the present time; a Grade 4 position at the Stony Plain Elementary School. Including Lodgepole School there is a staff of 212 at the present time.

Mr. L. W. Kruger requested that the Merchandising room in the High School in Stony Plain be supplied with a folding door to provide an extra home room.

Moved and carried that the matter of partitioning the Merchandising room in the Stony Plain High School be referred to E. W. Hillyer for a cost study and a report.

ENROLMENT SPRUCE GROVE

Mr. Wilson advised the School Committee that, at the present time, it is known that there will be 183 more pupils in the Spruce Grove School than last year.

Moved that Mr. L. N. Miller, Mr. Peter Bakker and Mr. R. Lent together with the Superintendent of Schools be authorized to negotiate for and to obtain the necessary additional classroom space in the Village of Spruce Grove. Carried.

ASSISTANT SUPERINTENDENT'S REPORT

Mr. W. G. Wilson commenced his report by outlining the anticipated program for the Modified Grade 7 and Grade 8 classes. This particular topic was discussed for some time.

Moved and carried that the Superintendent be requested to arrange a meeting with the Superintendents of Sturgeon, Strathcona, Leduc and St. Albert for the use of the W. P. Wagner School for Modified 7 and 8 classes.

COMMUNITY LIBRARIES

Mr. Wilson recommended to the School Committee that the present policy of allowing annual grants of \$300 each to Community libraries be continued. He further recommended that he be authorized to meet with the libraries concerned to develop a policy for the operation of such libraries and submit a recommendation to the School Committee.

Moved and carried that the policy of an annual grant of \$300 each to Community libraries housed on the school premises be continued.

LIBRARY POLICY

Moved and carried that the Superintendent and Assistant Superintendent be authorized to meet with librarians to develop a policy for the operation of community libraries in the County.

PORTABLE SCHOOLS DRAYTON VALLEY

Mr. R. Zander explained that, in response to a telephone call, several members of the School Committee attended a meeting with officials of the Town of Drayton Valley regarding the question of moving portable schools into that town.

Greatest grain getter-ever!

Massey-Ferguson MF 510

The recognized leader among giant combines... now with these major improvements to challenge your biggest combining jobs:

- **New Triple Screen Cascade Shoe** is the first breakthrough in shoe design since invention of the threshing machine. Three screens are used instead of the usual two to prevent matting of material. A 25% larger cleaning area greatly increases grain cleaning ability.
- **New "Returns Cylinder"** is a genuine rasp bar cylinder like the main cylinder; it threshes over 90% of the returns. This independent processing of returns in a separate cylinder allows the main cylinder to always be set for optimum speed and concave clearance.
- **New Front Beater** feeds material smoothly and evenly into the cylinder. Beater also deflects stones into a New, Extra Large Stone Trap to prevent damage.
- **New Quick-Attach** puts you in the field faster—you can switch from corn head to bean table or back again in five minutes!

The MF 510 has thorough threshing capability that gets more grain whether harvesting conditions are good or bad. Cutting, separating, and cleaning are done with remarkable efficiency and speed—even in thick stands, in down crops. You have from-the-driver's seat control over virtually all adjustments. Table sizes up to 24-foot. Huge 85 bu. grain bin (or 125 bu. with optional extensions). Optional Hydrostatic transmission.

Everything about this magnificent self-propelled combine is dedicated to keeping it in the field... working full time and at full speed... with minimum stops for servicing. If you're looking for the ultimate in combine performance, look no further than Massey-Ferguson's MF 510. Come in soon and let us show you the newest and biggest advances in combining.

have arrived and are being set up at the Elementary School in Drayton Valley.

The portable to be moved from the Elementary to the Junior High has been moved.

2. The painters are now working in Duffield.

3. The teacherage in Entwistle will be ready in another week as painting is now being done.

4. The metal partitions for the washrooms at Seba Beach School are not available until the second week of September.

5. The plumbing hookup has been done for the Caretakers Trailer at Lodgepole.

6. Wabamun basement is wet from water running in through basement walls. We'll probably have to dig it out and lay drain tile to eliminate the problem.

7. The principal at Drayton Junior High wants the P.A. System extended to the portable classroom.

Mr. E.W. Hillyer further explained that he will obtain cost estimates on Items 6 and 7 of his report.

Mr. E.W. Hillyer was called out of the meeting at this time so his report was tabled.

LAND OPTION

DRAYTON VALLEY

Moved and carried that, upon request from the Town of Drayton Valley, the School Committee assume the responsibility of the deposit on the option for the school site in that town.

Moved and carried that A.W. Boychuk contact the bus operator concerned to ascertain the number of pupils he will have and if this causes an overload that application be made for overload tolerance.

Moved and carried that Mrs. McElhinney be advised that her question regarding termination of school bus contracts will be brought up at the meeting with bus operators in Seba Beach on September 29th.

Moved and carried that Donald L. Pinckston be advised that the School Committee does not require services of an architect at the present time and that this letter will be filed for future references.

REPORT ON WASHROOM

STONY PLAIN HIGH
Mr. R. Lent and Mr. Peter Bakker submitted the following report on the inspection of the washroom in the Memorial High School in Stony Plain: --

"Mr. R. Lent and Mr. P. Bakker visited Stony Plain High School on August 19th, 1969. Mr. Hoffman took us to view damage done in the boy's washrooms in the School. This appears to be vandalism. Considerable damage has been done to plumbing fixtures as well as to the toilet partitions.

The Committee recommends that Mr. Kruger be contacted with a view to establishing re-

sponsibility for this type of vandalism, and taking appropriate measures to punish offenders."

Moved and carried that the foregoing report on the Memorial High School in Stony Plain be accepted.

SCHOOL BUS

COMMITTEE REPORT

The School Bus Committee presented the following report:--

"Re: Mr. Gunter Schmidt's request to be allowed to use his bus No. 515 on the Lodgepole to Drayton Valley School bus route, and that Mr. Gunter Schmidt place a 36 passenger school bus on the Cynthia to Drayton Valley route starting in September, 1969."

Moved and carried that the foregoing report of the School Bus Committee be accepted.

Canada Department of Agriculture scientists may have found a new treatment for ketosis, a disease that costs dairy farmers millions of dollars each year. The researchers are currently experimenting with carnitine-glucose infusions, which look very promising. Ketosis is something like diabetes, but, instead of involving sugar, it involves fat. Sometimes it is called acetonemia.

D. V. Highlights

BY MRS. EDITH DEBY

Reverend and Mrs. Ezekial Martin have just returned from a trailer holiday at Jasper and Banff. Mrs. Martin attended the summer session at the University

of Alberta where she took a course in school library work.

Miss Verna Hodgson is attending Frank Maddock High School for the first semester this year to take chemistry which she finds is necessary for her to attain her BSC in Nursing.

Mrs. Weldon has been in hospital where she and her appendix parted company.

Mr. and Mrs. Harry Zolmer had a splendid three month holiday in Eastern Canada and are now settled in Edmonton at the Colonnade Apartments.

Edwin and Arvet Eriksson had

a fine time on their six week holiday in Sweden. Edwin, a music teacher and member of a well known dance band here, joined a variety show in Sweden and played the three northern provinces of Sweden. Edwin's composition "Solleftea Waltz" has been recorded and is to be preserved in the archives of that town. At present a well known record company is negotiating for recording rights to the waltz.

Sorry to hear that Mrs. Ian Hoyland was confined to hospital for a few days.

Our sincere sympathy is extended to Mrs. Wolsey whose father, Mr. Russell, passed away recently.

Mrs. Pat Jenkins and Mr. and Mrs. Chester McEachern went mountain climbing to a high of 6700 feet on a mountain overlooking Big Horn Dam site. Mrs. McEachern's father is a forest ranger there. Although they watched, they saw no humanoids.

Miss Linda Porter joined the staff of the Edson Health Unit in Drayton Valley on Tuesday. Last year she attended the U of A to get her training in Public Health Nursing. She replaces Miss Gobeil.

BURTONSVILLE NEWS

We are happy to report that Stacey Homme who spent a couple days in the Drayton Valley Hospital is home again, very much improved.

Sympathy of the district goes out to Rev. Kennedy who received word that his brother had passed away in the hospital at Baddeck, Nova Scotia on August 10th.

Grace Petraschuk of Cranbrook has been visiting her father Rev. Kennedy for the past 10 days and helping him with the fall canning and house cleaning.

Albert and Bernice Osbak of St. Francis visited Bernice's parents on Saturday and took them back home with them. They took the folks out visiting old friends, some that they had not seen for a few years. At Warburg they visited Hokon and Kay Hansen, their daughter Patsy and husband and two young boys of North Battleford, Saskatchewan. At Calmar, they visited Earl and Marie Jones. Mrs. Homme and Earl attended the same school in Aledo, Oklahoma before coming to Canada in 1912. At Genesee, Axel was pleased to meet up with Bernie MacDonald who lived in Tomahawk years ago, and at Lindale they visited the Holmgren families, Norman and Mary, Gordon and Beth and family and met the new bride of a month, Mrs. Douglas Holmgren, the former Margaret Kyle of the Stony Plain area.

TOMAHAWK NEWS

Mrs. Jim Shaw of Tomahawk had her aunt Mrs. Ross Jenkins of Parksville, B.C. and also her cousin, Arvilla Sellers and daughter visiting her recently.

Mr. and Mrs. William Wickware of Tomahawk have left for a short stay in B.C.

Out of town guests in Tomahawk for the Shaw-Bijean wedding were as follows: Mrs. Mildred Terry from Leaside, Ontario; Mrs. Leona Terry from Willowdale, Ontario; Mr. Andy Gerard from Winnipeg; Mr. Clive Estz from Jamaica; Mr. and Mrs. Gordon Campbell from Prince George; Mrs. Cur. Garland of Prince George; Mr. and Mrs. Lloyd Remus of Grande Prairie; Miss Renata Holst of Vernon, B.C. and Miss Ingrid Holst also of Vernon, B.C.

Mr. and Mrs. Sanaghan and granddaughter, Michelle from Chicago, relatives of Mrs. Velma Shaw, have been visiting her here in Tomahawk during the past week.

Tomahawk is just bursting with pride these days, ever since their Little Canadian League Baseball Team captured the Parkland County Trophy. They defeated Stony Plain 2 games out of 3. The last game was a hard fought one with Tomahawk winning by just one point. I would like to congratulate everyone of the players on both teams as they put on a marvelous performance right down to the wire.

EVANSBURG NEWS

By now, most everyone is back from holidays. We see Mr. Mitchell back behind the post office counter and Mr. Frank Schroder going about the Credit Union business.

The members of the 4-H Field Crops Club held their annual tour on Tuesday, August 26th. Mr. Lowe from Stony Plain, Mr. Lowe from Evansburg and Mr. Eshpeter from the Department of Youth were the judges. Winners of the three divisions were: Junior, Zane Bruner, Intermediate Allan Mazeppa and Senior, Caroline Rosadiuk. In all twelve plots were judged and the two top junior plots, Zane Bruner's and Kenny Mazeppa's were entered for provincial competition. Results from this will be known later.

To correct an error which has arisen from a news report several weeks ago, the Mr. Bruner injured in a tractor accident in July was my husband, not Mr. J. Bruner of Wildwood. I am glad to say the man of the house is home again after a second hospital stay, but is still not up to doing the dishes as yet.

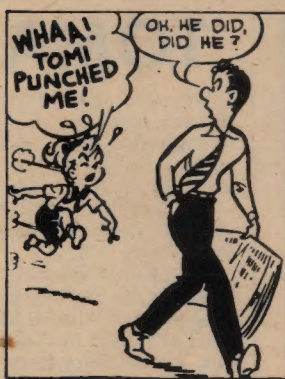

Several district people attended the Agricultural Society Fair in Wildwood on August 22nd. We enjoyed the day and also came home with our share of ribbons.

CROSSBREEDING RESULTS

Charolais and Simmental bulls are siring big, strong calves according to first calving results from Canada Department of Agriculture breed evaluation experiments at Lacombe, Alberta.

Calves of both Simmental and Charolais bulls were 10 to 15 pounds heavier at birth than calves sired by our traditional beef breeds. Hereford, Angus, Shorthorn and Hereford-Angus crossbred cows were used in the experiment and were bred to Simmental, Charolais, Hereford Aberdeen Angus and Shorthorn bulls.

THE RIMPLES

MOON LAKE NEWS

Linda Bush is back home now after spending most of her summer holidays at her uncle's, Mr. and Mrs. Roy Chambers of Winston, Oregon. She got to see different parts in the States while there and enjoyed her stay very much.

Mr. and Mrs. William Cherrington accompanied Mr. and Mrs. Fred Cherrington on a week long vacation through the Peace River country, Grande Prairie, Prince George, Jasper and Banff. They visited with Mrs. Bill Cherrington's sister and niece and nephew at Peace River and their daughter and family, Mr. and Mrs. Alex Karvenon at Grande Prairie. Fred took his new camper along so they camped whenever and wherever they wished and had a real swell time.

Get well wishes go to Mr. Nick Urkevich who is home from work with a bad back, also to Jeff Hansen who has been in the Drayton Valley Hospital with Bronchitis and to Rick Cherrington who has been indoors with the flu.

A recent visitor at the home of Mr. and Mrs. Albert Schenk was their niece, Galene Schenk from Edmonton.

Mr. and Mrs. Don Cherrington and George, Mr. and Mrs. Hugh Kapteyn, Ralph and Raymond and Debbie Hansen, Ilia

and Karen Tufty, Mr. and Mrs. Norm Johnson, Ralph and Gen, along with members of the Evansburg Gymkhana Club attended a farewell party for Mr. and Mrs. John Sinclair and family of Entwistle at the Magnolia Hall last Wednesday evening. Heather Rod and Brent Sinclair were members of the Moon Lake 4-H Beef Club last year and will be missed by their friends.

The Sinclairs are moving to Red Deer where Mr. Sinclair will manage a ranch. Good luck to the entire family, hope you will have as many friends there as you do here.

Several of the local residents attended a house warming on Saturday evening for Mr. and Mrs. Ben Harrison. A lovely pole lamp was presented to them and good wishes extended by Shorty Case on behalf of everyone present. A delicious lunch was served at midnight.

Most of the children that took swimming lessons at the Entwistle pool for the past three weeks passed their beginners and some junior swimming lessons, and are very eager for another year.

Diana and Peter Olverstad are the proud parents of a baby boy born in the Royal Alex Hospital on August 25th. Weight 8 lbs. 11 Oz. Congratulations.

Mr. and Mrs. Percy Woods are building a beautiful new home this summer.

Everyone had a good time at the barbeque held August 16th.

The baby shower held for Evelyn and Lyall Town on August 17th was well attended and Evelyn received many lovely gifts. Special mention should be made of the cradle built by Tony Blat-kewicz. Lunch was served at the conclusion of the evening.

Visitors to the district during the past month were Mr. and Mrs. John Palkowski of Edmonton, Mr. and Mrs. Grant Brown of Edmonton, Mr. and Mrs. Carlsson of Edmonton and Richard Fosson of Provost.

Mr. and Mrs. Schenk took a trip recently to Provost to visit Mr. Schenk's mother in the Provost Nursing Home. They went on and visited at Hughenden, Veteran, Ponoka and Buck Lake before returning home. They didn't see any better crops or gardens than those in this area.

Mrs. Gladys Grimes of New Jersey spent two months this summer visiting her sister and brothers (the Chambers) at Moon Lake.

Mrs. Clara Bush and Mrs. Marge Pollard left last week for Prince Albert to visit Clara's daughter Pat and her son-in-law, Mr. Bill Cheney and family.

Weekly Livestock Report

The Edmonton weekly livestock report for the week ending August 30, 1969 provided by the Livestock Division, Canada Department of Agriculture.

RECEIPTS	CATTLE&CALVES	CATTLE	CALVES	HOGS	SHEEP
This Week (est.)	8200	6600	1600	1800	700
Last Week	7094	5672	1422	1541	348
Same Week 1968	10285	7626	2659	2464	1069

SUMMARY

Increased receipts of cattle & calves run about 70% replacement classes this week. There was a fair increase in the number of stock calves on offer. Trade moderately active on slaughter classes to active on replacements. Slaughter steers and heifers 25 lower for the week. Butcher cows uneven, 50 higher to 1.00 lower. Bulls 2.00 lower. Replacement steers and heifers steady, stock steer calves firm to higher.

Slaughter Cattle -- Butcher steers opened the week under some pressure by local buyers with most bids stopping at 29.00 for choice handyweights. There were a few sales to 29.50 during the week for extra good conditioned kinds. In closing trade choice kinds mostly for shipment were selling fully steady to firm with sales ranging up to 29.40. Butcher heifers also met some pressure early in the week with choice kinds 25 lower selling at a practical top of 27.00. In closing trade butcher heifers were uneven to steady with a few sales to 27.30 for good conditioned choice kinds. Butcher cows opened about steady on all grades. Good and medium kinds were meeting an improved demand to 50 higher by mid week but were under pressure 50 to 1.00 lower in closing trade. Canners and Cutters were generally unchanged throughout. Increased offerings of bulls worked lower to close 2.00 off. Veal and butcher calves steady for the week.

Replacement Classes -- Replacement steers of good two-way quality in the heavier weight range comprised the majority of the offerings. They sold freely throughout the week at prices fully steady with last weeks higher price structure. Stock and feeder heifers were generally steady. Increased offerings of stock calves were meeting a broad demand with good stock steer calves 50 to 1.00 higher. A few light weights sold for over 50.

Shipments -- Last weeks shipments off the Edmonton Stockyards, East - 360 for slaughter and 65 for feeding. To Sask. 255 feeders. West - 285 for slaughter, to Southern Alberta 1230 for feeding.

Hail Study Group Ending Season's Work

No significant hail activity was reported in Alberta last week indicating that the 1969 hail season is rapidly drawing to a close. The frequency of hailstorms drops off sharply during the last week in August and into early September.

Based on past records there is an average of one severe storm every two years during this period. The Alberta Hail Studies Project will therefore keep the radar operating until the end of the month. Any hail occurring should still be reported through to the end of September.

Other project activities are now being phased out.

Equipment is being checked over and readied for winter storage. The hail reports sent in by farmers are being double checked, plotted on maps and coded up so that they can be fed into the computer for winter analysis. Detailed tabulations are being made of all the observations made by the mobile units during the summer.

Early in September, the 29 summer assistants with the project will return to University. The Research Council Staff will

return to Edmonton, and the three researchers from McGill University will return to Montreal to begin the long job of analyzing the vast amounts of data accumulated during the summer.

HIGH FIRE COST DUE TO NEGLIGENCE

"If only I had taken the necessary precautions!"

These words of regret are often heard following a fire. The results of neglect are starkly outlined in the annual fire records for Canada and for Alberta.

In Canada 130 homes are destroyed by fire each day, in many instances with loss of life. Fire strikes about 40 industrial and commercial places each day and in addition to the waste of physical resources there are incalculable costs in temporary or permanent loss of jobs and frequent business failures.

There is a tendency on the part of the public to consider most fires as accidents, as a chance visitation of bad luck, as if fires were fatalistically unavoidable. But let's face up to it. Fires that start from careless smokers, overheated appliances, misuse of flammable liquids are fires caused by neglect -- neglect of personal safety, neglect of personal responsibility.

Neglect gives fire a chance to start, so until we can overcome neglect we had better arrange for 24 hour supervision of all our properties and have the latest and best in fire fighting facilities on ready call.

ADULT EDUCATION

The County of Parkland is planning adult education programs in Drayton Valley and Stony Plain this year to meet the needs of adults desiring to upgrade their educational qualifications so that they may meet the requirements for a high school diploma or university entrance, or acquire some proficiency in business training.

The above programs will be made available primarily to adults over 18 years of age who are no longer attending school, but candidates between the ages of 16 and 18 may be considered for special programs. Adults do not need a grade nine diploma or any previous credit in high school to qualify for these programs. The usual prerequisites are waived.

The course offered will depend upon enrollment and the availability of instructors. At least twelve students are required if an academic course is to be taught and eight are required for commercial course offering.

It is expected that a portion of the costs of these courses will be met through course fees of about \$20.00.

Students wishing to enroll in any of the above courses are asked to complete the form below and forward it before September 15, 1969, to:

GRAIN STORAGE SUGGESTIONS

With the critical shortage of grain storage facilities and the prospect that this year's crop may have to be stored for many months, farmers are wondering how they are going to cope with the situation.

Here are some practical suggestions from the Alberta Department of Agriculture's assistant agricultural engineer W. C. Glenn.

The first is a conventional round plywood bin with a six mil, con-shaped polythene cap which has a breathing space at the peak. This cap is 24 feet in diameter at the base, costs about \$30 and should be available from farm supply stores. To fit this cap, the bin will take 18 panels of 5/16" waterproof plywood. The complete cost of the bin and the cap is in the neighborhood of \$100. Since the bin will hold close to 3,000 bushels, the cost per bushel is only 3¢ or 4¢. It should take less than half a day to construct the bin.

The important thing to remember when setting up a plywood bin is to see that the location is well drained. Ideally, any water should drain away in all directions. This can be achieved by pushing some soil into a pile that is slightly wider than the diameter of the bin and several inches high in the center. To make sure that no moisture can seep into the bin in the spring, lay a piece of two mil polythene over the mound of soil before putting up the plywood sides.

When fitting the polythene cap over the cone-shaped pile of grain, great care must be taken to fasten it securely all the way round the outside of the bin. A couple of strands of bailing wire should do the job. Then put hay or straw bales round the edge of the cap to protect it from the wind.

When constructing a plywood bin some provision must be made for emptying it. Two practical ways of doing this are to make a removable hatch door about

three feet from the bottom of the bin, or to insert a five-gallon pail, with the bottom cut out, at an angle that will match the angle of the auger.

When filling a plywood bin, dump the grain in the centre so that it flows evenly against the walls. Uneven filling could cause the bin to tip. This type of storage should keep the grain dry and in good condition for as long as the polythene cap remains moisture-proof. Incidentally, if the cap is removed carefully when the bin is emptied, there is no reason why it should not be used again.

An old barn or machine shed can also be used for storing grain, providing that the roof and walls are waterproof and that the storage area is reinforced. Reinforcing can be done with calbes, tie rods or strong wire. Since the maximum horizontal pressure is always near the bottom of the storage area, the brace should be put about a third of the way up the wall when only

one is used.

An earth floor is perfectly alright for storing grain as long as it is dry. If there is any danger of seepage when the snow melts next spring, cover the floor with sheet of polythene which comes high enough up the walls to make the walls moisture proof.

An L-shaped plywood panel that is held in place by the pressure of the grain on the section that sits on the floor can be used to partition off a storage area, or to close in the open side of a shed. A tie rod must be attached from

the inside edge of the section on the floor to about the middle of the vertical side. This type of partition is known as a grain wall. It is usually four feet-wide, the size of a plywood panel - and can be made any height.

A detailed plan of a grain well is available from the Engineering Branch of the Extension and Colleges Division, Alberta Department of Agriculture, Edmonton.

Opportunities are never lost -- the other fellow takes those you have missed.

\$ 1845

from

SUGGESTED RETAIL PRICE P.O.E. VANCOUVER, TORONTO, MONTREAL, HALIFAX

You think maybe we left something out?

Only the radio is extra. Go ahead, spend a little.

Check the list. Datsun 1000 has everything — and then some. It runs like a sports car, rides like a big car, sips gas like a cigarette lighter and wears like a tank.

You can get 100,000 miles between major overhauls, 12,000 between grease jobs, 84 mph. and up to 40 miles to the gallon. The whole neat little package moves out like a jackrabbit, corners on rails and stops on a nickel. And all this goodness comes in a choice of two or four doors, with room for four big people or five skinny ones.

With Datsun reliability, you won't see the inside of many service departments, but there are nearly 200, coast-to-coast. With over one million dollars' worth of parts.

The only thing Datsun 1000 needs is someone to love it. Someone like you.

Datsun 1000. There are plenty of cars in its price range. But nothing in its class.

Datsun 1000 is called the more-for-your-money car. And now you know why.

A process that could turn rapeseed meal into a valuable and versatile food ingredient is being developed by the Canada Department of Agriculture's Food Research Institute. Among the possible uses for an edible grade rapeseed protein are meat extenders, synthetic dairy and meat products, bakery products and snack foods. Canada is currently the world's largest exporter of rapeseed and farmers are boosting acreages annually.

771 Rabies Cases Reported In Canada Last Year

OTTAWA -- Confirmed cases of rabid animals numbered 771 in Canada during the April 1st to July 31st period, reports the

Canada Department of Agriculture's Health of Animals Branch. This compares with 507 cases diagnosed during the same period last year.

This marked increase is attributed in part to an increasing public awareness of rabies. More specimens are submitted to federal government laboratories and as a result, more cases are diagnosed.

Wildlife accounted for 445 of the cases during the four-month period. Of this number, 305 were foxes and 119 skunks. The balance was made up of five racoons in Ontario and one in Quebec, four ground hogs, three bats, seven wolves and one deer,

all found in Ontario. During the corresponding 1968 period, there were 321 wildlife cases. Of these 193 were foxes and 111 were skunks.

Cases involving domestic animals -- dogs, cats and farm livestock -- rose to 326 from 186 in the 1968 period. A higher incidence of the disease among cats, dogs, cattle and sheep was largely responsible for the increase. Rabid cat numbers almost doubled to 54 from 29 last year. Dogs increased to 37 from 24, cattle to 184 from 102 and sheep to 24 from nine. One rabid goat was reported in Ontario.

Ontario had the most cases, 622. None were reported in Alberta.
